FOREWORD

The 69th Macau Grand Prix which is the property of the Sports Bureau of Macao SAR Government is composed by various events for different categories of races, including the Macau Motorcycle Grand Prix - 54th Edition (MGP) (the “Competition”), organised by the Macau Grand Prix Organising Committee (the “Organizer”).

The MGP is a Classic Event held under the Federation Internationale de Motocyclisme (FIM) and is ruled by the regulations of the Automobile General Association Macao - China (the “FMN” - AAMC).

The FMN- AAMC may at any time amend any or all provisions of the Regulations.

All the participating parties (FMN, Organizers, Promoter, Competitors) undertake to apply as well as observe the rules governing the 69th Macau Grand Prix and the Sporting and Technical Regulations governing the event, as well as these Regulations and their relevant Appendices / Bulletins issued by the Organizer and/or the Race Direction of the Competition.

1) REGULATIONS AND INTERPRETATION

- 1.1 The final text of these Sporting Regulations shall be the English version which will be used should any dispute arise as to their interpretation.
- 1.2 The interpretation of the Regulations, Bulletins and the choice of sanctions where the present Regulations have not automatically stipulated these, falls to the Race Direction. The decision of the Race Direction shall be final.
- 1.3 These Sporting Regulations come into force from the moment of their publication on the 69th Macau Grand Prix website (www.macau.grandprix.gov.mo) and replace all previous Sporting Regulations.

2) GENERAL UNDERTAKING

- 2.1 These Regulations derogate and supersede all and any other previous regulations in place before the date of publication of these regulations. Any references to the male gender in these documents are made solely for the purposes of simplicity and refer also to the female gender except when the context requires otherwise.
- 2.2 All riders, team personnel, officials, promoters/organizers and all the persons involved in any capacity whatsoever participating in the MGP undertake, on behalf of themselves, their employees, and agents, to observe all the provisions of these Regulations as supplemented and amended from time to time. In addition, rider, competitors and officials undertake to observe all provisions of the rules issued by the Organizer and FMN where the Event is being held and any sporting regulations or supplementary regulations of the FMN.
- 2.3 All the persons mentioned above may be penalised in accordance with the provisions of the Regulations. It is the responsibility of the team to ensure that all persons concerned with its entry observe all the requirements of the Regulations. The responsibility of the rider, or any other person having charge of an entered machine during the Event with respect to observance of the Regulations is joint and several with that of the team.
- 2.4 All persons concerned in any way with an entered machine or present in any capacity whatsoever in the Paddock, Pits, Pit lane or Track, must wear an appropriate pass at all times during the Event.
- 2.5 In line with pandemic control measures, all competitors and officials inbound travel to Macao SAR are required to undergo the necessary health quarantine requirements and measures issued by the Health Bureau of the Macao SAR government, to show they are fit to attend the Event, which

means the Attendees in question had no COVID-19 risk factors that mean they should not attend the event, nor are they suffering from COVID-19 symptoms.

All Attendees undertake to agree to be bound by and undertake to comply in all respects with the prevention of COVID-19 rules and guidelines, issued by the Health Bureau of the Macao SAR government or by the Organizer.

Should any infringement of the above rules or guidelines be detected, the attendee will not be granted access to the Event.

21.3 Any communication from the Race Direction, the Race Director/Clerk of the Course or the Stewards Panel to a team or rider must be communicated in writing or via electronic means including but not limited to official Timekeeping monitors. Similarly, any communication from a team or rider to the Race Direction, the Race Director/Clerk of the Course or the Stewards Panel must also be made in writing and handed to the Secretary of the Meeting.

21.4 All decisions concerning a time penalty, ordering a vehicle to stop or to go to the pit lane to fix a technical problem or exclusion of riders from races shall be announced promptly to the concerned rider/team followed by written confirmation. The rider's team members are also expected to show the rider their own "STOP" signal from the Pit wall.

21.5 Any decision or communication concerning a particular competitor should be communicated to him forthwith in writing within 30 minutes of such decision and receipt must be acknowledged.

22) PENALTIES

22.1 The penalties are:

- a) Warnings: can be made privately or publicly and can be made without a hearing.
- b) Fines: cash penalty up to USD500.
- c) Change of position: the rider must go back the number of positions decided by the Stewards Panel.
- d) Time penalties: the imposition of time affecting the rider's actual result up to 1 minute and the cancellation of time.
- e) Grid penalty: the imposition of a drop of any number of grid positions. A grid position penalty may be imposed without a prior hearing being necessary.
- f) Disqualification: entails automatically and independently of any other penalty, the invalidation of the results obtained in practice or race. An immediate disqualification from a practice session or a race may also be pronounced by means of a black flag.
- g) Exclusion: the final and complete loss of all rights of participation in the Event.

22.2 Any offender may have several penalties pronounced against him according to the circumstances.

22.3 The Panel of Stewards may apply penalties under this article, where applicable, for breaches of the regulations, where no other penalty is specified.

23) PROTESTS

23.1 A protest is an action taken by any legal entity or any individual, rider, team, manufacturer, official etc. against another legal entity or any individual, rider, team, manufacturer, official etc.

23.2 A protest can be lodged against:

- a) an entry of a Rider, a Team or a Manufacturer.
- b) An alleged non-compliance of a machine with the regulations.
- c) Classification established at the end of a practice or a race.
- d) Any alleged error, irregularity or breach of the regulations occurring during the event.

- e) A presumed wrongdoing behaviour of a competitor, not seen or not sanctioned by the disciplinary authorities, having occurred during the event.
- 23.3** However, no protest may be lodged against an immediate decision made by any judges of fact in the exercise of their duties, entailing or not:
- Fine, resulting from a pit lane speeding, pit lane exit, or practice start violation.
 - A change of position.
 - A time penalty given in these regulations concerning pit lane speeding, anticipation start or infringement of safety rules.
 - A disqualification from the practice sessions or races by means of a black flag.
- 23.4** No protest may be lodged against a decision of whether a rider is actively competing in the case of an interrupted race.
- 23.5** No protest may be lodged against a decision of the Race Direction based on finish of the practice or race due to weather condition or safety condition.
- 23.6** All protests must be submitted in writing and signed only by the person directly concerned.
- 23.7** Each protest must specify:
- the relevant regulations,
 - the concerns of the protesting party,
 - against whom the protest is lodged (when relevant).
- 23.8** Each protest must refer to a single subject only and the intention to protest should be notified to the Race Direction or to Stewards Panel:
- By the end of the initial scrutineering, in the case against the eligibility of a rider, team or a motorcycle to enter the event.
 - Within 30 minutes of the publication of the qualifying results, if it is related to the starting grid.
 - Within 30 minutes of the publication of the results of the concerned session for any alleged mistake, irregularity or breach of the regulations occurring during the event.
 - Within 30 minutes of the publication of provisional results in the case related to classification or results.
- The publication of results includes the official notice/timekeeping board (digital or otherwise) together with time of publication, or the digital distribution of results by the Organiser. The latest communication/publication among those will be the base to determine the protest time deadline.
- 23.9** The protest must then be confirmed in writing and be handed to the Secretary of the Meeting together with the security deposit of USD1000 (or equivalent) cash.
- 23.10** In the event of a technical protest, an additional deposit of USD1000 (or equivalent) cash for specific parts of the vehicle must also accompany the protest.
- 23.11** The security deposits may only be returned if the protest is upheld.
- 23.12** Protests over mechanical details must be precise. Cost of dismantling consequent upon a protest of this nature shall be paid by the rider or team lodging the protest at the latest after the publication of the results.

23.13 After an immediate hearing, the Stewards Panel must make a decision on any protest presented. The protest has to be judged according to the provisions of the Regulations. The decision of the Stewards Panel of determination of penalty is immediate.

24) PIT LANE SPEED LIMIT

24.1 A speed limit of 60 km/h will be enforced in the pit lane at all times during the event. Riders must respect the speed limit from where the sign 60 km/h is placed up to where the sign 60 km/h crossed out is placed.

24.2 Any rider found to have exceeded the limit will be subject to the following penalties:

- a) During any practice or warm-up session: a fine of USD100.
- b) During the races: a time penalty of 30 (thirty) seconds added to their race time.

25) BEHAVIOUR DURING PRACTICES AND RACE (WARM-UP INCLUSIVE)

25.1 During all warm-up, practices and race, riders must:

- a) Obey the flag signals, the light signals, and the boards which convey instructions or information and the officials' instructions. Any infringement to this rule will be penalised according to provisions of Article 38 of these regulations.
- b) Ride in a responsible manner which does not cause danger to other competitors or participants, either on the track or in the pitlane.
- c) Riders must not ride nor push their motorcycles in the opposite direction of the circuit, either on the track or in the pit lane, unless doing so under the direction of an Official.
- d) Riders are not allowed to transport another person on their machine or to be transported by another rider on his machine (exception: Another rider or by another rider after the chequered flag or red flag).
- e) After the chequered flag, riders riding on the track must wear a safety helmet until they stop on the pit lane/parc fermé.
- f) Any repairs or adjustments along the race track must be made by the rider working alone with no outside assistance, except that rendered by the marshals. The marshals may assist the rider to the extent of helping him to lift the machine and holding it whilst any repairs or adjustments are made. No person other than marshals or riders are permitted on the track side of the first line of protection.
- g) If the rider encounters a problem with the machine which will result in his retirement from the practice or the race, then he should not attempt to tour at reduced speed to the pits but should pull off the track and park his machine in a safe place or as indicated by the marshals.
- h) In normal circumstances and in the interest of safety, a rider may not stop his motorcycle on the track and if the rider intends to retire, then he must park the machine in a safe area as indicated by the marshals.
- i) Stopping on the track during practices and races is forbidden.
- j) Riders must not re-join the track from the pit exit during practice and race sessions without receiving a GREEN signal or light from the Pit Exit Marshal.
- k) It is forbidden to stop on the start-finish straight after the chequered flag for any celebrations of any kind.

- l) It is not permitted to ride racing motorcycles within the circuit other than in the pit lane, service road or on the track.
- 25.2** The penalty for infringement of article 25.1 b), c) or j), riders will be excluded from the Event.
- 25.3** The penalty for infringement of article 25.1 d), g), h) and i) is as follows:
- a) During Practices or warm-up: A fine of USD100.
 - b) During the races: a time penalty of 10 (ten) seconds will be added to the offender's racing time.
- 25.4** The penalty for infringement of article 25.1 e) is a fine of USD100.
- 25.5** The Panel of Stewards may apply penalties under article 22 for any infringement of rules in this article which penalty is not specified.
- 26) INFORMATION FROM THE PIT WALL**
- 26.1** No signal of any kind may pass between a moving motorcycle and the rider's team, or anyone connected with the motorcycle's team, entrant or rider, except for the signals of the timekeeping transponder, lap trigger, legible messages on a pit board, or body movements by the rider or team. Onboard official broadcast television camera signals are allowed, but only when such signals are for the purposes of and managed by the Organizer.
- 26.2** Information to competing riders may only be given from the pit wall via boards and hand signals, by 2 team members wearing the appropriate passes solely for the control of and signalling to their riders.
- 26.3** Boards displayed from the pit wall shall be of such a size or description as not to obstruct the signals of others.
- 26.4** The form and colors of signals used at the pit wall must not resemble the international track warning flags.
- 26.5** Infringement of this rule during any session or the race shall result in a fine of USD500 and exclusion of the rider and the team from the event.
- 27) ASSISTANCE TO RIDERS AND VEHICLES**
- 27.1** For safety reasons, team personnel and rider are not permitted in the pit lane during practices, warm-up and race of another Events.
- 27.2** During practices, warm-up and the race, adjustments and assistance to competing motorcycles and riders can only be done in the pit lane. Any vehicle that enters the pit box during race is deemed officially retired. Work in the pit box is permitted during the intervals only if races are interrupted.
- 27.3** Riders who stop in the pit lane may be assisted in the pit lane. During a pit stop, only the team members are allowed to work on the racing motorcycle, including the rider if he takes part in the intervention.
- 27.4** For safety reasons, it is not permitted to start the engine of racing motorcycles inside the garage in the pit box at any time. Engines must be started in the pit lane or other designated location. Riders who stop their engines in the pit lane may be assisted to re-start their motorcycle by the mechanics.
- 27.5** In the pit lane, vehicles must be wheeled back by hand by the rider or assisted by his mechanics. Entry to the pits must be by way of the designated pit entrance. Riders of vehicles intending to

enter the pits must extend the left arm or leg in sufficient time to warn other vehicles, pit personnel and Marshals of their intention to enter.

- 27.6** Refuelling is strictly prohibited during the progress of any free practice, qualifying practices, warm-up session and races, in anywhere (Paddock area, garage, pit lane, grid or track etc.).
- 27.7** Every precaution must be taken by team members and riders to avoid petrol or oil spillage. If there is a leakage or spillage of petrol in the pit area, the vehicle must be pushed clear of the danger area under the control of the Marshals before engines may be restarted.
- 27.8** A time penalty of 30 (thirty) seconds will be added to the race time of the vehicle each time being serviced, under Articles 27.2 and 27.3.
- 27.9** The penalty for infringement of article 27.5, riders will be excluded from the Event.
- 27.10** The Panel of Stewards may apply penalties under article 22 for any infringement of rules in this article which penalty is not specified.

28) PRACTICES (WARM-UP INCLUSIVE)

- 28.1** Riders will commence practice from the pit lane when the green light is displayed at the exit of the pit lane.
- 28.2** The duration of practice will commence from the illumination of the green light. A visible board or count-down will be shown at the Finish Line to indicate the time of practice remaining.
- 28.3** All practices and warm-up are timed, 45 minutes for free practice, 30 minutes each for qualifying practices (2) and 20 minutes for warm-up.
- 28.4** The end of practice will be indicated by the waving of a chequered flag at which time the pit exit will be closed. A rider's time will continue to be recorded until he passes the finish line after the allotted time has elapsed. If it is not possible to show the chequered flag because the rider passes the finish line closer to the end of the session, the scheduled time of the end of the session will be considered. After the chequered flag, riders may complete the lap to the pit entry.
- 28.5** During the practice sessions and warm-up, practice starts are permitted:
- When it is safe to do so, at the pit lane exit before joining the track.
 - When it is safe to do so, off the racing line and only in the designated zone indicated by a "PRACTICE STARTS" board, after passing the Finish Line
- 28.6** Practice starts during a red flag situation are strictly prohibited. Infringement of this rule will incur an instant fine and further penalties may be applied.
- 28.7** If practice is interrupted due to an incident or any other reason, then a red flag will be waved at the start line and at all marshal's posts. All riders must return slowly to the pit lane. When practice is restarted, the time remaining will be that shown on the monitors of the official timekeepers at the moment the red flags were waved, unless otherwise adjusted by Race Direction.

29) QUALIFICATION FOR THE RACE 1

- 29.1** Qualifying results will be based on the fastest time recorded by the riders in two Qualifying Practices.
- 29.2** In order to qualify for the race:
- A rider must have participated at least in one official practice period and have completed one timed lap.

- b) A rider must achieve a lap time at least equal to 110% of the qualifying time recorded by the fastest rider in the combined result from the two qualifying practices.
 - c) Any rider who fails to achieve a qualifying time at least equal to 110% of the qualifying time recorded by the fastest rider in the combined result from the two qualifying practices will be permitted to take part in the race, provided that in any of the free practice sessions he has achieved a time at least equal to 110% of the fastest rider in the same session. Such riders will start the Race 1 from the back of the grid according to their qualifying time. If such riders fail to achieve a qualifying time, they will start behind all the other riders according to their best free practice time.
- 29.3** Should all qualifying practices have been cancelled, the results will be based on the fastest time recorded by the riders in free practice and/or warm-up. In the event of a tie, riders' second and subsequent best times will be taken into account.
- 29.4** In such case, all riders must practice during warm-up period and have completed one timed lap, in order to be qualified to race.

30) GRID POSITIONS

- 30.1** Grid positions of Race 1 will be determined by the fastest lap time recorded by each rider in two Qualifying Practices, and the classification of Race 1 will determine the grid positions of Race 2. The pole position will be allocated to the fastest rider.
- 30.2** The grid will be in group start in a 3-3-3 configuration.
- 30.3** In the event of a tie, rider's second and subsequent best times will be taken into account.
- 30.4** In the case where any of the Qualifying Practice session has been cancelled, the grid positions will be determined by the fastest lap time recorded in another qualifying practice session.
- 30.5** Should both QP1 and QP2 be cancelled, the grid positions will be determined by the fastest lap time recorded by the riders in Free Practices.

31) STANDING START PROCEDURE

- 31.1** The approach to start the warm-up lap will be announced by light signals shown for 10 minutes, 5 minutes, 3 minutes, 1 minute and 30 seconds, accompanied by audible warnings, as follows:

15 minutes before the start of the race:

Pit lane exit will open for the sighting lap(s).

Riders may complete more than one sighting lap by passing through the pit lane where they may make adjustments.

The sighting lap is not compulsory.

Riders who do not take part in the sighting lap may start the warm-up lap from the pit lane under the instructions of a marshal positioned at the pit lane exit.

10 minutes before the start of the race:

Pit lane exit closed.

After reaching the grid after the sighting lap, riders must take up their positions and may be attended by up to five persons, one of whom may hold an umbrella.

Officials will display panels, at the side of the track, indicating the row of the grid, to assist riders in locating their grid position.

Riders on the grid may, at this stage, make adjustments to the machine. All adjustments must be completed by the display of the “3 minute” light signal.

Tyre warmers and starter devices may be used on the grid but no generators, batteries or other electrical supplies are permitted on the grid.

Refuelling on the grid after the start of the sighting lap is forbidden.

5 minutes signal before the start of the warm-up lap: just warning.

3 minutes signal before the start of the warm-up lap:

All persons other than 2 mechanics per rider and the umbrella holder must leave the grid with all the equipment.

Tyre warmers must be removed on the grid and at the pit lane exit.

Riders who still wish to make adjustments must push their vehicle to the pit lane and they will start the warm-up lap from there.

1 minute signal before the start of the warm-up lap:

Engines will be started.

All persons except 2 mechanics per rider will leave the grid.

The mechanics will, as quickly as possible, assist the rider to push start the machine and will then vacate the grid.

All riders must be in position on the grid with engines running.

No further assistance from mechanics is permitted.

30 seconds signal before the start of the warm-up lap:

Any rider who is unable to start his machine must remove it to the pit lane and they may start warm-up lap from the pit lane exit.

Start of warm-up lap:

Green flag is waved.

The riders will make one lap, at unrestricted speed.

As soon as the riders have passed the pit lane exit, the pit lane exit light will be turned green, and any rider waiting in the pit lane will be permitted to join the warm-up lap.

Thirty seconds later, the light will turn red, and a marshal will display a red flag closing the pit exit.

Riders starting the warm-up lap from the pit lane exit will start the race from the back of the grid, in the order in which they qualified for the race.

Medical cars will follow the riders on the warm-up lap and may overtake slow riders.

Any rider that arrives at the grid behind the Medical Cars will be directed into the pit lane and may start the race from the pit lane exit.

On returning to the grid:

Riders must take up their positions with the front wheel of their motorcycle up to or behind the front line and between side-lines defining the grid position and keep their engines running.

An official will stand at the front of the grid holding a red flag.

- 31.2** Any rider who encounters a problem with his machine on the warm-up lap and has not stopped may return to the pit lane, make repairs and may start from the pit lane only after the race has started.

- 31.3** Any rider who stalls his engine on the grid or who has other difficulties must remain on the motorcycle and raise an arm. It is not permitted to attempt to deliberately delay the start by any other means.
- 31.4** As each row of the grid is completed, the officials will lower the panels indicating that their row is complete. Panels will not be lowered when a rider in that row has indicated that he has stalled his motorcycle or has other difficulties.
- 31.5** When all panels have been lowered, an official at the rear of the grid will wave a green flag. The starter will then instruct the official at the front of the grid displaying the red flag to walk to the side of the track.
- 31.6** Any vehicle that stops on the circuit during the sighting or warm-up lap will automatically be excluded from the race and may not be moved other than to the nearest point of safety.

32) START OF THE RACE

- 32.1** A red-light signal will be displayed for between 2 to 5 seconds. The red lights will go out to start the race. The motorcycle must be stationary at the time the red lights are turned off. Anticipation of the start is defined by the motorcycle moving forward at the time the red lights are turned off. A time penalty of 30 seconds which is not subject to protest, will be added to the rider's racing time, should there is anticipation of the start.
- 32.2** Medical Cars will follow behind the motorcycles for the whole of the first lap.
- 32.3** After the riders have passed the pit exit the official at this exit will display a green light to start any riders still in the pit lane. If a rider re-joins the race without receiving a GREEN signal from the Pit Exit Marshal, he will be given a penalty of disqualification.
- 32.4** If, after the red light go off, a rider stalls his machine, then the start line marshals may assist the rider by pushing the motorcycle along the track until the engine starts.
- 32.5** If a motorcycle fails to start before reaching a line at the extremity of the pit exit, the rider must push it into the pits.
- 32.6** Entry to the pits via the pit lane exit is permitted within this time limit only and not at any other time during racing.

33) START DELAYED

- 33.1** Should there be a problem on the grid that might prejudice the safety of the start then the Starter will display all red lights on and the board "START DELAYED".
- 33.2** In this instance, riders must stop their engines and 2 mechanics per rider will be permitted to enter the grid to assist the riders.
- 33.3** The start procedure will recommence at the "1 minute" stage, the riders will complete an additional warm-up lap and the race distance will be reduced by one lap.

34) INTERRUPTION OF A RACE

- 34.1** The decision to stop the race can only be taken by the Clerk of the Course or in his unavoidable absence, by his Deputy Clerk of the Course.
- 34.2** If the Clerk of the Course decides to interrupt a race at any point from the start of the warmup lap onwards, then red flags will be shown at the finish line and at all marshal's posts and he will switch on the red lights around the circuit.

- 34.3** Riders must immediately slow down and be prepared to stop before return to the pit lane.
- 34.4** The results will be the results taken at the last point where the leader and all other active riders on the same lap as the leader had completed a full lap without the red flag being displayed.
- 34.5** In an interrupted race, if the leader and all riders on the same lap have completed a full lap before the red flag is displayed, and at that time there is a rider in pit lane which closes due to the red flag without the rider crossing a timekeeping point to complete the lap, the results will be taken from the last timekeeping point that the race leader and all other riders on the same lap as the leader have crossed.
- 34.6** If there is a problem with a rider's timekeeping transponder, the results will be taken from the previous finish line results. At the time the red flag is displayed, riders who are not competing in the race will not be classified.
- 34.7** Within 5 minutes after the red flag has been displayed, riders who have not entered the pit lane, crossing the designated pit lane entry timing point riding on their motorcycle, will not be classified.
- 34.8** If the results calculated show that less than two (2) laps have been completed by the leader of the race and by all other active riders on the same lap as the leader, then the race will be null and void and a completely new race will be run. If it is found impossible to re-start the race, then it will be declared cancelled.
- 34.9** If two laps or more have been completed by the leader of the race and all other active riders on the same lap as the leader, but less than two thirds of the race distance (8 laps X 2/3 = 5 laps), rounded down to the nearest whole number of laps, then the race will be restarted (Quick Start Procedure). If it is found impossible to re-start the race, then the results will count.
- 34.10** If the results calculated show that two-thirds of the race distance (5 laps) have been completed by the leader of the race and by all other active riders on the same lap as the leader, then the race will be deemed to have been completed.
- 34.11** For the purposes of these regulations "active" is defined as the rider riding on track, or attempting to repair/restart the machine, or to rejoin the track or return to pit lane, with the machine in a condition fit to rejoin the track.

35) RESTARTING OF A RACE THAT HAS BEEN INTERRUPTED

- 35.1** As local track and weather conditions and circumstances may vary, Race Direction may reschedule to re-start races in the race programme as necessary, and will make the final decision on whether, when and how long to re-start any interrupted race according to circumstances.
- 35.2** However, competitors are advised that no race will take place in wet or damp conditions.
- 35.3** If a race has to be re-started, then it will be done as quickly as possible, consistent with track conditions allowing. When a race is stopped, riders must return to the pit lane, unless otherwise instructed by officials. If there is to be a restart, the following procedure will apply:
- a) In the case of situation described in Article 34.8:
 - All riders may re-start.
 - Motorcycles may be repaired.
 - Refuelling is permitted.
 - The laps will be the same as the original race distance.
 - The grid positions will be as for the original race.
 - b) In the case of situation described in Article 34.9:
 - Only riders who are classified as finishers in the first race may re-start.

- Motorcycle may be repaired.
- Refuelling is permitted.
- c) When all riders have entered the pit lane, the Clerk of the Course will announce the time remaining to the re-opening of the pit lane, which will be a minimum of 5 minutes. The time remaining to the opening of the pit exit will be displayed on timing screens and countdown boards.
- d) When the time period has elapsed, the pit lane exit will be opened for 60 seconds only. Riders will make one lap at unrestricted speed to the starting grid, followed by a Medical Car. Any rider delaying the progress of the sighting lap will be overtaken by the Medical Car. Any rider arriving behind the Medical Car must go into the pit lane. Such riders will have to start the warm up lap from the pit lane and will start the race from the back of the grid.
- e) Any riders remaining in the pit lane after it has been closed will have to start the warm up lap from the pit exit and start the race from the back of the grid.
- f) One mechanic only, per rider, may go onto the grid (without tools) to primarily indicate to his rider his position on the grid. The grid position will be based on the finishing order of the first race. In the case that the restarted race involves new grid positions other than the original grid, the mechanic should avail himself of his rider's new grid position from the classification displayed on the timing screen or from officials who will be positioned at the entry point to the grid with the revised starting grid information.
- g) Riders will arrive back on the starting grid and stop in their grid positions, with engines running, no adjustments may be made. Any rider requiring repairs or adjustments on the sighting lap from the pit exit must enter the pit lane.
- h) As soon as the Medical Car arrives on the back of the grid, a 30-seconds board will be displayed at the front of the grid. At this point the mechanics must immediately leave the grid by the quickest route. The 30 seconds may be reduced at the discretion of the Starter when the grid is cleared, and it is considered safe.
- i) After 30 seconds have elapsed and/or the grid is clear, a green flag will be shown to start the warm up lap.
- j) The riders will make one warm up lap, followed by a Medical Car. When the last rider has passed the pit exit lights it will be opened for a period of 30 seconds to release any rider waiting. After 30 seconds, the pit lane exit will remain closed until after the start of the race. Any rider not able to leave the pit exit whilst it is open will start the race from the pit exit. Any rider delaying the progress of the warm up lap will be overtaken by the Medical Car.
- k) Upon arrival back at the starting grid, the normal start procedure will be followed, with the start signal given in the normal manner.
- l) Riders who started the warm up lap from the pit lane must start the race from the back of the grid as directed by officials. In case of two or more riders, they will take up the last grid positions in order of their grid positions. Any rider arriving at the pit lane entry point after the Medical Car must enter the pit lane and start the race from the pit lane exit.
- m) After the start signal has been given and the last rider has passed the end of the pit exit, the pit exit will be opened. Any riders still in the pit lane may then start the race.
- n) The number of laps of the second part of the race will be the number of laps required to complete the original race distance.

- o) The final race classification will be established according to the position and the number of laps of each rider at the time he crossed the finish line at the end of the last part of the race.

36) FINISH A RACE AND RACE RESULTS

- 36.1** Competitors who have completed the designated number of laps for the race will be shown a chequered flag at the finish line.
- 36.2** When the chequered flag is shown to the leading rider, no rider will exit from the pit lane to reach the track, the red light will be switched on at the exit of the pit lane and a marshal with a red flag will stand at the exit of the pit lane.
- 36.3** Competitors who cross the finish line without completing the designated number of laps, but after the leading competitor who has been shown the chequered flag, will be permitted to proceed on a further lap. However, after a race has been won, each rider must continue round the circuit at reduced speed and return to the pit lane without stopping. Red lights will then be shown prior and a marshal showing a red flag will stand at the return pit entry road.
- 36.4** To be counted as a finisher in the race the rider must have:
- Crossed the finish line with their machine and taken the chequered flag on the Course.
 - Completed 75% of the number of laps carried out by the winner.
- 36.5** The remaining finishing positions will be determined by the number of laps that each rider has completed when the race ends.
- 36.6** The results will be based on the order in which the riders cross the line and the number of laps completed. In case of ties, the riders concerned will be ranked in the order of the best lap time made during the race.
- 36.7** Should for any reason the chequered flag be given before the leading rider completes the scheduled number of laps or duration, the race will be deemed to have finished. If the chequered flag is given to the leader, then a result will be drawn accordingly, but if the chequered flag is given to a rider other than the leader then the result will be taken when the leader last crossed the finish line before the signal was given. Should the end of race signal be delayed for any reason, the race will be deemed to have finished when it should have finished, and the riders classified accordingly.
- 36.8** The top 3 placed machines must be removed to a check area after Race 1 and to stay in “Winners area” after Race 2, pending inspection by the Technical Scrutineers or potential protests. Machines will normally be released from the check area 30 minutes after the finish of the race. Riders can only remove the machines from the check area with the consent of the scrutineers.
- 36.9** Any classified vehicle that cannot return to the pits under its own power will be placed under the control of the marshals, who will take the machine to the check area.

37) WINNERS AREA

- 37.1** At the end of the Race 2, or the final part of Race 2 that has been interrupted, the first three motorcycles classified must proceed to the Winners Area in the pit lane where each machine / rider may be assisted by 2 accredited team members and race officials.
- 37.2** After the podium ceremonies and the Press Conference that follows and 30 minutes after the end of the race, the motorcycles may be released from this enclosure.

38) FLAGS AND LIGHTS SIGNALS

38.1 Flags and/or boards will be displayed or activated (electronic flag panels) to provide information and/or convey instruction to the riders, together with the lights located around the circuit. Infringement to this rule will be penalised.

38.2 Flags and lights used to provide information

<p>Green flag Waved</p>	<p>The track is clear This flag must be waved at each flag marshal post for the first lap of each practice session and of the warm up, for the sighting lap and for the warm up lap. This flag must be shown waved at the flag marshal post immediately after the incident that necessitated the use of one or more yellow flags. This flag may be waved at pit exit, in conjunction with the official signal of the green light, as an extra signal that pit lane exit is open.</p>
<p>Yellow and red striped flag waved</p>	<p>The adhesion on this section of the track could be affected by any reason other than rain. (oil, gravel, grass or other debris) This flag must be shown waved at the flag marshal post.</p>
<p>White Flag with diagonal red cross (stroke width of the cross: between 10 and 13 cm) waved</p>	<p>Drops of rain on this section of the track. This flag must be waved at the flag marshal post.</p>
<p>Blue flag Waved</p>	<p>Waved at the flag marshal post, this flag indicates to a rider that he is about to be overtaken. During the practice sessions, the rider concerned must keep his line and slow down gradually to allow the faster rider to pass him. During the race, the rider concerned is about to be lapped. He must allow the rider(s) who are lapping him to pass him at the earliest opportunity, and passing within a group of lapped riders is forbidden under the blue flag. Waved at a marshal post after the pit lane exit, this flag indicates to a rider exiting pit lane that riders are approaching on track. The rider exiting pit lane must do so safely and without disturbing riders on track.</p>
<p>Chequered black and white flags (one at the level of the track, one at the starter rostrum) Waved</p>	<p>This flag will be waved at the finish line to indicate the finish of race or practice session. The chequered black/white flag will be waved together with the blue flag at the finish line when a rider(s) precedes closely the leader during the final lap before the finish line</p>

38.3 Flags and lights which convey information: and instructions

<p>Yellow flag(s) or Yellow lights Waved flags.</p>	<p>A single yellow flag waved at the flag marshal post (or a pair of yellow flashing lights) indicates that there is a danger ahead beside in the track. Two yellow flags waved together at the flag marshal post (or a double pair of yellow flashing lights) indicate that there is a hazard wholly or partly blocking the track. Riders must slow down and be prepared to stop. Overtaking is forbidden up until the point that a green flag is shown. At each row of the starting grid, this flag indicates that the start of</p>
---	---

	<p>the race is delayed.</p> <p>At one row (or more) of the starting grid, this flag indicates that a rider on that row is having difficulties.</p>
<p>Red Flag or Red lights</p> <p>Waved</p> <p>(or Motionless)</p>	<p>Shown waved in each marshal post and at the Finish line and indicates that the race or practice is being interrupted. Riders may have to stop in the circuit before returning slowly to the pit lane. Also shown motionless on the starting grid at the end of the warm-up lap.</p> <p>When the pit lane exit is closed, the red lights will be switched ON and riders are not allowed to exit the pit lane.</p>
<p>White flag</p> <p>Motionless</p>	<p>Shown motionless in combination with a red flag indicates a hazard in the sector ahead and all riders are required to stop.</p>
<p>Black Flag</p> <p>waved</p>	<p>It conveys instructions to one rider only and is shown waved together with the rider's number.</p> <p>The rider must stop at the end of the current lap. Rider cannot rejoin.</p>
<p>Black Flag with orange disk</p> <p>waved</p>	<p>A technical problem was detected in a vehicle and this flag is shown It conveys instructions to one rider only and is shown waved together with the rider's number at Melco hairpin (MP) and Line.</p> <p>The rider must stop as soon as possible on the track (oil leakage) or at the pits at the end of the current lap and fix the problem (fairing, transponder, other). Rider can rejoin the session or the race and may rejoin the race after fixing the mechanical problem.</p>
<p>Flashing Blue lights</p>	<p>Will be switched ON at the pit lane exit at all times during practices and races.</p>
<p>Green light</p>	<p>Switched ON at the pit lane exit to signal the start of every practice session and of the warm-up, the start of the sighting lap and the start of the warm-up lap</p>

38.4 If the rider does not stop during the lap where the black flag with the orange disk plus the rider's number was shown, the rider will be excluded from the Event (black flag with his riding number). The locations where these two flags and board are shown will be mentioned in the rider's briefing.

38.5 Any infringement by the riders to the instructions or information provided by the flags and lights will be sanctioned as follows:

	Practice and warm-up sessions	Race
Yellow flag or Flashing Yellow lights	Cancellation of the time of the lap during which the infraction occurred	Fine of USD100

	Practice and warm up sessions	Race
Red Flag or Red Light	Fine of USD100	Disqualification
Black Flag and Black Flag with Orange disk	Fine of USD100	Disqualification

38.6 In the case of Yellow flag or Flashing Yellow lights, if immediately after having overtaken, the rider realise that he did an infraction, he must raise his hand and let pass the rider(s) that he has overtaken; in this case, no penalty will be imposed.

38.7 The Panel of Stewards may apply penalties under article 22 for any infringement of rules in this article which penalty is not specified.
